

PERQUE WELL GUARD™ CONDITION CROSS REFERENCE GUIDE

The PERQUE Cross Reference Guide has been designed to facilitate product selection and benefit synergies to discuss with your health practitioner. PERQUE products are categorized by functional topic, applicability, and priority. These functional suggestions of nutritive need are not intended to be used in the treatment, cure, prevention, or mitigation of any disease or disorder as specified in FDA guidelines. Only health professionals diagnose and treat diseases or disorders. **NOTE: Supplements in green are essential. Supplements in black are also most likely to be helpful.**
